

Norfolk Offshore Wind Zone Community Benefit Fund Phase 3 Workshops

Where:

Aylsham Town Hall, Market Place,
Aylsham, NR11 6EL

When:

Wednesday 21st June 2023
18:00-20:00 (please arrive by 17:45)

Vattenfall's Norfolk Offshore Wind Zone will bring £15million of funding for climate smart initiatives to communities located near to the onshore project infrastructure and cable route.

But we know one size doesn't fit all, and we recognise that each community has different needs and aspirations.

For this next phase of dialogue we hope to hear more about the focus areas that residents highlighted as priorities for your community, and we would love to start developing some of your creative and inspiring climate smart ideas.

Aylsham's Focus Areas

Transport and
Connectivity

Nature and gardens

Community Facilities

Advice and support

**Please join us for an informal
workshop and exchange of ideas.
We hope to see you there. For more
info visit our website at:**

<https://bit.ly/NorfolkZoneCBF>

Don't worry if you haven't participated before, all are welcome, and we'll have some activities to occupy the children if you would like to bring the whole family!

The hall will be open from 17:30.

If you are interested in attending it would be helpful if you could please let us know by emailing: norfolk@vattenfall.com
