

Norfolk Offshore Wind Zone Community Drop-in Information Event

Sharing information about upcoming works in your area

Where

Happisburgh Primary School,
The Street, NR12 0AB

Date

4th February 2025

Time

15:00 - 18:00

This event invites local residents and members of the public to drop in and meet with the project team, who will be on hand to share and discuss the latest updates. Key topics will include: access point creation (plus associated roadworks) scheduled for March & April 2025. These works are to provide access to the landfall site where installation activity will begin in September 2025. We will hold another event in the summer to share more information about installation works at the landfall site.

RWE have begun onshore construction of Norfolk Offshore Wind Zone. Once fully operational, the Norfolk Zone could generate 4.2GW of electricity, which is enough to power more than 4 million UK households.
